

TORBAY VIEW – Accessibility guide - summary

Torbay View is perfectly situated for a holiday in Sidmouth being within easy and level access of both the town and beach. The town is within 5 minutes walk, and the beach and the Esplanade are about 100 yards distant. The beach has a pebble slope leading to a flat sandy area (covered at high tide).

The apartment is on the second floor accessed by two staircases. There is no lift and this should be taken into consideration by those with walking difficulties or young children. The apartment is unfortunately not suited to wheelchair users.

The apartment benefits from a balcony which extends the length of the master bedroom and the living room, from both of which there is access via a small step. It is essential that young children are supervised at all times when on the balcony. The balcony provides seating for 4 with extensive sea views as well as views over the croquet green and cricket pitch towards Muttersmoor beyond.

All rooms within the apartment and the balcony are on the same level, with the exception of two of the bedrooms and one of the bathrooms.

There are three bedrooms sleeping a total 6 people - one large king size bedroom (on the entry level), one double bedroom (mezzanine floor accessed by a short staircase), and one large twin bedroom (accessed by a further staircase).

There are two bathrooms - one on the entry level which includes a walk-in shower (step with mobility aid and grab handle provided), and one ensuite to the twin attic room which has a shower over the bath. A pay car park exists opposite Torbay View. The nearest bus stop is about 200 yards.
